Fluoride is easily and readily available to anyone who would chose to use it, therefore it should not be added to the public water supply.

2. As a fiscal conservative I am committed to being a good steward of the financial resources of WaterOne.

11. Why are you seeking to serve on the Water District Board? (100 words or less)

I am deeply committed to access to clean, pure, water for all.

12. What do you believe makes you uniquely qualified to serve on the Board and most distinguishes you from your opponent(s) in this race? (100 words or less)

As a nurse and energy healing practitioner I bring the issue of informed consent to the forefront of public awareness.
